Dear Steve,

**Tournerbury Woods, Tournerbury Lane, Hayling Island**

**Change of Use of land and woodland (retrospective) as a wedding venue, including retention of permanent ancillary buildings and structures, the erection of temporary structures (including marquees and temporary facilities) and the use of land as a campsite in association with events, and use of existing cottage for visitor accommodation.**

I refer to your recent re-consultation in respect of the above planning application and my earlier letter dated 18 November. Please accept this as my response to this consultation.

I now understand the aforementioned paragraph 5 of the highway review of right of way through Tournerbury Farm should have been removed. I confirm the description of that route is generally accurate. The description of the approach road is also generally accurate and I can confirm that because the traffic associated with this route is not likely to be generated during peak travel times and is tidal in character the local highway network can accommodate it.

Parking for cars and coaches has been made available on site and as you know this is a matter for the LPA.

*Director of Economy, Transport and Environment  
Stuart Jarvis BSc DipTP FCIHT MRTPI*

Please accept this letter as confirmation that the Highway Authority have no objection to this proposal.

Yours sincerely,

Ray Alborough
