Observations / Comments:

I refer to the above application under the Town & Country Planning Acts passed to this Service for comment.

I have read the enclosed documentation provided by the applicant and comment as follows:

This office has no objection to the site being used for the proposed purpose of a caravan site for 3 touring caravans with a relevant utility / ablution block.

However, if this application is to be approved, the applicant will need to apply for a caravan site licence for the proposed number of sites, and the conditions imposed thereon must be fully complied with. These conditions will be laid down in terms of the Caravan Sites and Control of Development Act 1960.

Please do not hesitate to contact me if you wish to discuss any of the above matters raised or would like further explanation.
