Observations / Comments:

As per my previous comments, I reiterate these hereunder:

I refer to the above application under the Town & Country Planning Acts passed to this Service for comment.

Pilates classes as far as I am aware, are usually conducted with or without music accompaniment, dependent on the tutor.

In this particular case, it is noted that background music is used, and as such additional conditions are suggested under 4.10 of the Planning statement dated July 2019 (now October 2019). These are related to the music not being audible externally and the keeping of doors and windows closed during classes.

If the above are to be implemented as part of this resubmitted variation application, I would have no further comment to make.
