Subject: APP-19-00909 - Land adjacent to Fulflood Road, Havant Variation c.10 (Piling)

David,

My apologies for the delayed response to this, when this application was logged, it was given a 'response due' date of the 23rd. I have looked over the revised documents, and confirm that I had already seen all of the relevant information (received directly) prior to my email response dated 23/10/2019.

I note that both the EA & Portsmouth Water Company concur with the my assessment of risk, and have raised no objection. I have looked over the draft conditions, and have no comments to make. I raise no objection to the determination of this application with the draft conditions.

As I believe you are aware, in light of complaints arising in connection with piling work at the site - Helen is looking over the noise & vibration assessment now, and will provide comments under separate cover if necessary.

Best Regards,

Jon
