Comment Details

Commenter Type: Complainant

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:I object to application on the grounds of parking as you may know there is a serious parking poblanos in this road,,these are coursed by over planning, activity's in the three church halls, workers from out side the area, commuters leaving their vehicles here whilst catching the train and the amount of drop kerbs takings up parking spaces. I also think the plot is too small for 8 parking spots(2per house),the idea of a integral does not work because people just use them as storage garages and finally this road used as a rat run and with vehicles reversing or parking on a blind corner is dangerous, please give us break thank you
