18 September 2019

To the planning case officer,

Dear Lesley Wells,

59-61, Langstone Road, Havant, Hampshire

Planning Application : **APP/19/00837**

Proposal for construction of a single replacement two-storey dwelling following fire damage to the former semi-detached cottage building

Thank you for consulting The Chichester Harbour Conservancy concerning the above planning submission. The Conservancy is a non-statutory consultee.

The landscape of Chichester Harbour was recognised as nationally important when it was designated as an Area of Outstanding Natural Beauty (AONB) in 1964, through the National Parks and Access to the Countryside Act of 1949. The Conservancy was established by the Chichester Harbour Conservancy Act of 1971. The purposes of the Conservancy are the responsibility for navigation and the conservation of nature. The Countryside and Rights of Way Act of 2000 formerly established the Conservancy as the Joint Advisory Committee for the AONB, with the purpose to conserve and enhance the natural beauty of the landscape.

In its role in managing the Chichester Harbour Area of Outstanding Natural Beauty (AONB), The Conservancy has considered the submitted proposal against the Conservancy's planning guidance and principles - including The new Chichester Harbour Management Plan (2019-2024), The Chichester Harbour Planning Principles (Management Plan version April 2019), and The Chichester Harbour AONB Joint SPD (May 2017), adopted by both Chichester District Council and Havant Borough Council.

Under the Chichester Harbour Conservancy fully delegated officer decision process, the Local Planning Authority (LPA) is hereby advised that the Conservancy makes the following comment in relation to the above application.

Chichester Harbour Conservancy Recommendation – No objection

Suggested considerations –

- schedule/samples of materials to be agreed prior to construction / as indicated on application forms / to match the existing on site
- any and all roof lights / skylights should be fitted with working internal screen blinds to reduce light spillage during evenings and night-times (dark skies policies)
- the boundary wall to the road should be retained and any timber fence enclosure to the private garden amenity space should be set within the plot behind the retained boundary wall

Given the application sites setting the proposal is not considered to be unduly prominent to be detrimental to the character or the appearance of the Area of Outstanding Natural Beauty (AONB) or harmful in relation to wildlife conservation and protection.

A copy of the Chichester Harbour Conservancy AONB Unit Planning Assessment Report is attached to this consultation response for your information and for open transparency public view.
