Subject: Re: APP/19/00730 Hooks Lane Ground Clubhouse, Fraser Road, Havant, PO9 3EJ

Hello Daphney,

I have not directly been made aware of any particular issues that would require the condition to be retained. I am aware that the club now employs parking marshals and has implemented the traffic management plan with overflow car parks in operation. I am also aware that the club are working with the council to look at re-purposing the current MUGA facility to provide additional onsite parking, which will alleviate pressure on the surrounding residential areas.

I believe that the liaison meetings were not well attended by local residents and the club communicate more effectively via social media and local letter drops.

Many thanks

Richard
