Dear Ross,

Ref: APP/19/00767 Alterations to existing garage to create garage/workshop

I am sorry to bother you with this letter but I have checked the Planning Portal and it would appear that my emails for whatever reason have not got through to you and hence this letter to give my attempted communication belts and braces.

Please see the enclosed print-out of my emails giving my concern about the title of this proposed development which includes the word 'workshop' and my acceptance of suggested changes and undertakings to overcome perceived or real objections.

Please can you add this information to the planning application to clarify the proposal.

Thanking you in anticipation,

Yours sincerely,
