Dear Sirs,

Proposal: Residential development comprising 69 No. dwellings with access from St George's Avenue together with access, car parking, landscaping, electrical substation and associated works.
Site: Land East of Castle Avenue, Havant, PO9 2RY.

Further to our correspondence dated 22/11/2018 concerning the above planning application consultation, Southern Water has recently undertaken more detailed network modelling as part of a network growth review.

The results of this assessment, to our current modelling procedures and criteria, indicates that the additional foul sewerage flows from the proposed development will not increase the risk of flooding in the existing public sewerage network. Southern Water can hence facilitate **foul sewerage disposal** to service the proposed development.

All other comments in our previous correspondence remain valid.

Yours Sincerely

Marta Karpezo
Developer Services
