Dear Mr Eaves,

Re: Planning Application APP/17/00388
Lama Court, Seafront Hayling Island

Further to your meeting with our builder Jamie Leggett regarding the above planning application, we understand that you require certain information from us.

The enclosed plan shows the parking arrangements.

The compound for storage is marked by the orange box and access for lorries to offload will be through lockable gates at the front.

Parking for trade vehicles is at the rear and accessed via the driveway. It is marked as the yellow box on the plan.

The bin and bike stores will be constructed of timber trellis.

All fascias and soffits will be white UPVC and all windows and patio doors will be white UPVC, all to match existing.

We understand there is a fee payable and enclose a cheque for £116.

Yours sincerely,

David Aylward.

Caroline MacDowell
