

To Havant Borough Council

(Mrs T Pickup)

I'm writing to you to OBJECT to campsite at 175 Havant road Hayling island,

Firstly the main reason is that the field is a flood plane and the field has to be!

As the water from the ditch has to fill the field up and then goes out to sea if this doesn't happen we will get flooded out and I will be holding Havant borough council personally responsible ! As this has happened before to our neighbours houses!

Secondly the wildlife there is lots of wildlife over there and your be destroying there natural habitats! Specially the number of birds which live over there.

Lastly the amount of traffic on the main road it's be a nightmare for cars and caravan to get in the entrance and there will be accident waiting to happen!

I also would like a meeting with you and the head of planning as WE WILL GET FLOODED OUT IF THIS GOES AHEAD !

Kind regards
