Address: Public Service Plaza, Civic Centre Road, Havant PO9 2AX

Email: EHEnvironment@havant.gov.uk

On Behalf Of: Environmental Health Manager, Community Group

Comments

I understand that Mark Moss has already provided a 'no adverse comment' response from Environmental Health in respect of noise / light / nuisance / amenity.

I have reviewed this application to identify any issues arising in respect of soil quality (contamination risk), pollution and air quality.

The proposals are small scale in nature, and are not considered to alter the exposure risk profile of the site, from either soil or air pollutants.

I have reviewed the geological setting, and anticipate a minimum depth to chalk (aquifer) of 20m - likely substantially greater. I have no concerns about creating new migration pathways short-term or issues with turbidity in supply by use of a local soakaway or through the selection of penetrative foundations.

No adverse comments.
