Thank you for your letter of 20/02/2019.

We regret to inform you that Southern Water would not recommend discharge of condition 18 relating to foul and surface water drainage.

Kindly submit a detailed drainage layout plan, clearly indicating the on-site foul and surface water drainage and final connection(s) points to the public network including the point mentioned above.

Southern Water would have no comments to make with regards to other conditions being subject of consultation.

Yours sincerely,

Luis Silva
