

Hi David

I am content with the plan. The details for the s171 works however are not as we have outlined to Bellway. Whether this is fundamental to you granting approval or not is up to you. I would be happy with an informative outlining that any details regarding access across the highway is to be agreed and approved by HCC through the S171/S184 process.

Did you want me to set this out in a formal response?

Kind Regards

Holly
