Dear Daphney

Re: Planning Application APP/19/00726

I would like to refer to the letter of objection dated 4/8/19 referring to the above application.

I am disappointed that part of the letter has been allowed to be shown by the council. I refer to paragraph b stating that the trees were healthy and were cut down by ourselves. These trees had died, as have many oaks in the area, due to fungal disease. The council served an order for these trees to be taken down. Due to the size of the trees the tree officer must have been of the opinion that they posed a risk to the neighbouring property.

I wish this letter to be placed on record.

Yours sincerely
