

## Design and Access Strategy

| Project summary                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Summary of the project regarding the access for disabled people and inclusive design principles.                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <p>Refurbishment of the Galley and Male/Female Toilets is proposed on the ground floor.</p> <p>The building is currently accessed by wheelchairs users and an existing accessible toilet is available on the ground floor, a changing place facility is also within the accessible toilet.</p> <p>Approved Document M, BS8300, has been considered and most design standards and guidance are not applicable to the project.</p> <p>When designing the new spaces, we will consider door furniture and colour contrast.</p> |
| Height and style of door furniture, lever handles, colour contrast, pull handles (15-point LRV difference)                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Height of ironmongery is to comply with BS8300 and door furniture to contrast with door.                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| Colour contrast                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| <p>Door furniture – LRV difference 15 points</p> <p>Wall to floor LRV difference 30 points</p> <p>Skirting to wall same LRV</p> <p>Door and architrave different LRV to wall</p> <p>Signage – Letters to sign &amp; sign to back ground LRV difference 70 points</p>                                                                                                                                                                                                                                                        |
| Colour contrast to conform with above where new door furniture is installed, flooring and decoration is completed.                                                                                                                                                                                                                                                                                                                                                                                                          |

|                                                                                                                                                                                                                                                                                                                             |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                                                                                                                                                                                                                                                                             |
| <b>Standard wc's</b>                                                                                                                                                                                                                                                                                                        |
| Provision for ambulant disabled people, larger cubicle, urinal heights, lever taps, colour contrast, door furniture. If the building is extended/altered with WC provision, please provide an explanation if it is not to include ambulant cubicles.                                                                        |
| We will ensure that one cubicle door opens outwards in both male and female toilets and these cubicles can then be easily adapted into ambulant cubicles should the need arise. When designing the new spaces, we will also consider lever taps or similar for ease of use along with, cistern flushes and colour contrast. |
