Thank you for your letter of 02/05/2019.

Southern Water would have no objections to discharge condition 5 relating to foul sewerage drainage. An approval for the connection to the public foul sewer should be obtained under Section 106 of the Water Industry Act. The public sewer diversion proposals shall be carried out strictly in accordance with details as approved under Section 185 of the Water Industry Act, our scheme reference SWS.S185.002138.

The Council's Building Control officers/technical staff and the environment agency should be consulted regarding the discharge condition 5 for surface water disposal.

Southern Water would have no comments to make with regards to other conditions being subject of consultation.

Yours Sincerely

Marta Karpezo
