	window cill & head height	

Side (West Street) Elevation

The floor plan shows a building with several rooms and features. The layout includes a central corridor with a door and a light. To the left of the corridor is a room with a door, a light, and a gas meter. To the right of the corridor is a large room with a door, a light, and a gas meter. The building is surrounded by a brick wall and has a brick chimney. The floor is made of brick, and the walls are made of brick. The ceiling is made of brick. The floor plan is a simple line drawing with labels for various features.
