

32 North Crescent

Hayling Island

PO11 9LR

15/8/2019

Dear Sir/Madam

Reference APP/19/00726

I am in contact with you with reference to the above planning application and I am concerned that they are asking for planning after having been turned down on several occasions and the reasons given before have not changed.

Mengham Park has an upgraded playground that is very close to the proposed entrance/exit onto Norman Road and increased traffic would create an unnecessary hazard.

I am concerned that any building works could also affect the Oak Trees in the area which TPOs.

Can you also take the following points into consideration:

- Why is building on this land being considered yet again when all previous applications have been refused
- The proposed bungalow is much too close to my property
- I have never been happy with building more and more dwellings on small patches of land that was once garden, Hayling is being spoilt by further developments
- I understood the government is against "back garden" developments.
- I need to object to this proposal because of loss of natural habitat's, safety and traffic access to the property and loss of my privacy.

I hope all of these comments will be taken into consideration.

Yours Faithfully
