Dear Sir/Madam

TO CREATE A HABITAT MITIGATION ZONE FOR BRENT GEESE AND SOLENT WADERS (LINKED TO THE CURRENT PLANNING APPLICATION APP/18/00450). FORTY ACRES, HAVANT ROAD, HAVANT, PO9 3LW

Thank you for the consultation on the above application, please quote our reference on all correspondence.

We have reviewed the information as submitted and have the following comments.

Environment Agency Position

We have **no objection** to the proposed development as submitted.

Advice to Applicant

Any development using waste or other material for engineering works may require an Environmental Permit, unless it is exempt from the need for a permit.

Waste transported to and from the development must only be carried by a registered waste carrier.

If planning permission is granted, the applicant should arrange a meeting with the Environment Agency to discuss the permitting implications. Such a meeting is unnecessary where the proposal is exempt from the need for a permit.

For information, the applicant will have to agree a waste recovery plan with the Environment Agency for any activity involving the recovery of waste on land as part of the Environmental Permit (unless the activity is exempt from the need for a permit).

Please contact our National Customer Call Centre (Tel: 03708 506 506) for advice prior to commencing work or to check whether someone is a registered waste carrier on the public register.
