

Dear Sir/Madam,

Re. Fernwood House, 45-47 London Road, Corpleton, Witley.

I am the owner of 1st Kings Road. I am not opposed to the change from office to residential use, my concern is the amount of residences planned. Will the car park at the rear of my property be of adequate size? I understand "Sure-Fix" has acquired what was the Italian restaurant, on London Road (A3), and that their vans will be parked at the rear of this said property, taking up a considerable amount of the car park. If this is the case will there be enough parking spaces for the new residences? If not, where will they park their cars? There are double yellow lines on both sides ^{of Kings Road,} which are at present constantly ignored. With more cars wanting to park, no traffic wardens I can see an accident waiting to happen. I hope my concerns will be given consideration.

Yours faithfully,

Rosemary Webb (Mrs).
