Site Address:	Street Record, Fulflood Road, Havant		
Proposed Development:	Application for variation of Condition 15 of Planning Permission APP/15/01233 relating to internal layout, fenestration layout and main entrance (approved 16.8.18). Request to discharge condition No. 6 (3.09.18). Request to discharge condition No's 3, 4, 9, 11 and 14 (10.09.18). A request has been made to discharge the following condition(s) on the above application: Condition 6: No development approved by this planning permission (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), shall take place until a scheme that includes the following components to deal with the risks associated with contamination of the site shall each be submitted to and approved, in writing, by the local planning authority: 1) A preliminary risk assessment which has identified all previous uses potential contaminants associated with those uses a conceptual model of the site indicating sources, pathways and receptors potentially unacceptable risks arising from contamination at the site. 2) A site investigation scheme, based on (1) to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off site. 3) The results of the site investigation and detailed risk assessment referred to in (2) and, based on these, an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken. 4) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in the remediation strategy in (3) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and		

arrangements for contingency action.

Any changes to these components require the express written consent of the local planning authority.

The scheme shall be implemented as approved.

Reason: The site lies over the Bognor Sand Member over London Clay, the former classified as a Secondary A Aquifer. The site also lies adjacent to the Riders Lane Stream which is a tributary to the Hermitage Stream. Contamination may be present at the site as a result of its historical use(s). Any contamination present may pose a risk to groundwater underlying the site and having due regard to policies and proposals CS16 and DM10 of the Havant Borough Local Plan (Core Strategy) 2011 and National Planning Policy Framework.

Condition 9:

No development hereby shall commence until details of the proposed means of surface water disposal have been submitted to, and approved in writing by, the Local Planning Authority. Proposals shall be in accordance with the principles of CIRIA C753 section 26.7 (SUDS Manual, 2015; Managing pollution risks), and where appropriate shall include a schedule of operational and preventative maintenance for surface water drainage structures, pumps or separators required either for the proper operation of the system to its design flow rates or for the effective retention of pollutants to prevent downstream release. Parties responsible for observing the maintenance schedule shall be clearly identified. All details submitted in accordance with this condition shall be implemented as approved.

Reason: To ensure the appropriate management of surface water runoff to control the rate of inputs to local surface waters and to mitigate potential pollution of local surface waters. This condition is imposed having due regard to policy DM10 of the Havant Borough Local Plan (Core Strategy) 2011 and National Planning Policy Framework.

Condition 14:

No development (except demolition and site clearance) hereby permitted shall commence until plans and particulars specifying the provision to be made for external lighting of the same has been submitted to and approved in writing by the Local Planning Authority. There shall be no external lighting on the site other than as thereby approved.

Reason: To safeguard the amenities of the locality and having due regard to policies CS16 and DM10 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

Any views you wish to make should be returned to me no later than 21 days from the date of this email.

Yours sincerely

Observations / Comments:

Based on the information provided, I can advise that the Condition 14 related to lighting can be discharged.

I would however advise the installation contractor to ensure that all the external lighting is angled correctly to ensure that there is no impact on residential properties in High Lawn Way.

Others will comment on the other conditions.
