Subject: RE: APP/17/00656 Lidl, Hayling Island - Condition 20 (CCTV)
Attachments:

Dear Miss Ballam,

Thank you for the attached information relating to the proposed CCTV installation.

The two CCTV cameras with a view of the cycle parking, form part of the measures used to safeguard those using the cycle parking.

To provide for the safety of those using the cycle parking with these cameras, the lenses should be set so as to provide an image of a person at the cycle store that can be recognised, the person at the cycle store should fill between 25% and 30% of the screen height. (As detailed in the HOSBD, CCTV operational requirements manual 2009 publication 28/09)

If the cameras are set in such a way, then in my opinion condition 20 will have been discharged.

I would remind the applicant that an output device should also be fitted, to provide for the downloading of images.

Regards,

Stuart

Rachel,

Re. the queries raised by the Crime Prevention Officer, please find attached a short memo that I hope will provide all the required information. For completion it includes the CCTV location plan that was submitted with the discharge of condition application. Two of the responses have already been sent to you (in my e-mail of 13th November), but I thought it would be helpful to provide one comprehensive reply that deals with all the CPO's queries.

Kind regards.

Chris
