

Update of STATEMENT EXPLAINING THE CHANGE OF USE

57 London Road , Cowplain, Waterloooville, PO8 8UJ

Dear Madam,

Following your requirement regarding the clarification, if A5 is also needed, I would like to explain that the food served in the Café will also be available as a take away option but only for collection.

No delivery will be provided.

As it is the 1st time I am applying for this type of Licence, I am not sure if A5 should also be requested or A3 covers the above? If A3 covers the above and A5 is not necessary then A5 can be removed.

The Café will consist of approx. 10 tables where the customers will be sitting and enjoy their food. Most of the sales will be made in this way and not as a delivery, but the option of "take away / collection" from the shop will also be available to them.

Bearing this in mind, I hope it is now clear the licence that you will, hopefully be able to issue me in this new and exciting business that I would like to bring in the neighbourhood.

I am sorry for any inconvenience and confusion caused and I hope that you will be able to understand the type of licence required.

Thank you and Best regards

Ishak Akan
