Dear Mr Wiles,

I am writing to let you know that unfortunately there is no further update from Natural England in regards to the original concerns raised in relation to both proposals. The current application has been extended in time until the 7th June however I suggest that this is extended until the 28th June to allow time for direction and guidance to be provided in relation to the concerns raised.

My apologies for the inconvenience of this however as soon as I have a further update I shall come back to you.

I have fed back your suggestion of the condition to control this however without knowing how this should be properly secured, we are unable to use this approach. I am also unable to release the listed building application without the full planning application being determined and as such, both applications are impacted.

If you are in agreement for the extension of time please can you let me know via email by the 6th June.

Please note that from the 7th June, your application shall be passed to a colleague Mrs Lesley Wells who I have CC'd into this email. Please direct any enquiries from the 7th June to her.

Kind regards,
Emma
