Dear Sir/ Madam,

Planning application for Wellington Way, Waterloooville: Demolition of existing shopping parade and redevelopment of the site to provide a nine storey building consisting of 264 No. 1 bed/studio build to rent apartments and associated amenity facilities, an A2 unit (Financial and Professional Services) together with associated parking and landscaping

Thank you for your email dated 14 March 2019, informing us of the planning application for the above development.

Whilst we recognise that not all of the occupants of the proposed dwelling will be new to the area, we make the Heath Care planning assumption that this application will generate up to 369 additional residents (proposed no. of dwellings at 1.4 persons per dwelling).

The resulting growth in the locality population will inevitably seek registration with a local GP surgery and place additional pressure on existing NHS services; NHS services in primary, community and secondary care settings.

Our estimate of the level of additional demand that will be placed on NHS primary care does not in our view warrant the commissioning of an additional GP surgery. The increased demand will be accommodated by the existing GP surgeries open to new registration requests from people living in the area of the proposed development, however additional capacity within the premises will be required.

The CCG considers that the application should be required to make an appropriate financial contribution to the capital investment that the NHS will make in this regard.

Please see below the NHS investment projection that the CCG will consider should the application be granted by the Council;

The proposed contributions formula for developments under 2000 dwellings that we use is: 264 No. of dwellings x 1.4 divided by average list size (1800) x 16 (size of a consultation room (m2) x £375 (cost of rent and other additional expenses with regard to premises) x 20 (number of years expected on a lease)

This means that South Eastern Hampshire CCG will be looking for a contribution of £24,640.00 for planning gain for health.

Yours sincerely,

Lisa Medway- Estates Project Manager

On behalf of:

Sara Tiller- Managing Director

South Eastern Clinical Commissioning Group
