fao L Oliver

Thank you for the opportunity to comment on the above planning application. A development of approximately 78 dwellings would be considered to yield about 23 or 24 primary age pupils across all seven year groups, i.e. about 3 or 4 per year group. Front Lawn Academy and Havant academy serves the proposed development. Front Lawn Primary will have sufficient surplus places from in catchment recruitment for pupils from this development to be able to secure a place at the school. Similarly Havant academy has surplus places in all year groups to accommodate the yield of pupils from the development. Consequently I do not intend seeking a contribution from the developer to provide any additional places within these schools.

Kind regards,
Martin Shefferd
