

RE: APP/18/00524 Erection of 1No. 3 bed detached dwelling. Land rear of 55 New Road, Havant, PO9 1DD

FAO of Mrs R Ballam
Planning officer

Application Ref: APP/18/00524
Our Ref: 252095

No objection

Natural England notes that your authority, as competent authority under the provisions of the Habitats Regulations, has undertaken an Appropriate Assessment of the proposal, in accordance with Regulation 63 of the Regulations. Natural England is a statutory consultee on the Appropriate Assessment stage of the Habitats Regulations Assessment process.

Your appropriate assessment concludes that your authority is able to ascertain that the proposal will not result in adverse effects on the integrity of any of the sites in question. Having considered the assessment, and the measures proposed to mitigate for all identified adverse effects that could potentially occur as a result of the proposal, Natural England advises that we concur with the assessment conclusions, providing that all mitigation measures are appropriately secured in any permission given.

Please note in future cases where the necessary avoidance and mitigation measures are limited to collecting a funding contribution that is in line with an agreed strategic approach for the mitigation of impacts on European Sites then, provided no other adverse impacts are identified by your authority's appropriate assessment, your authority may be assured that Natural England agrees that the Appropriate Assessment can conclude that there will be no adverse effect on the integrity of the European Sites. In such cases Natural England will not require a Regulation 63 appropriate assessment consultation.

Protected species

Natural England has produced [standing advice](#) to help planning authorities understand the impact of particular developments on protected species. We advise that the standing advice is interpreted for you by your district ecologist, or an equivalent independent party with the necessary expertise. Natural England will only provide bespoke advice on protected species where they form part of a SSSI or in exceptional circumstances.

Should the application change please consult us again.

Kind regards
