

Subject: RE: APP/18/00069- 54 Stockheath Road

Dear Emma

Following our conversation earlier today, this is to confirm that this application does not seek to further extend by the addition of one room the permission for four rooms granted in 2013 and now expired, rather to add one room to the home as it exists without the extension covered under the 2013 permission which remains un built. I hope this now clarifies the situations.

Attached is the time extension document.

Kind regards

Peter Durrant.
