APP/15/00732

Thank you for your letter of 13/06/2018.

Southern Water would not recommend discharge of condition B10 relating to foul drainage of plots 3 A and 3B, until the applicant provides a suitable foul drainage layout on site and up to the final connection point with public sewerage network. The provided information shall be of adequate resolution to allow assessment of details by Southern Water.

The Council's Building control officers/technical staff and the Environment Agency should be consulted regarding the discharge condition for surface water disposal to watercourse.

Yours sincerely
