Dear Madam,

Regarding the proposed structural alterations that have been submitted by the new occupants of this property, I have no objection to these.

What does concern me very much is the possibility of them felling the two large birch trees in the rear garden. My garden backs onto the rear of their back garden and my wife and I have always appreciated the splendid view of these wonderful trees and seeing the variety of bird species that nest in them.

I don't know whether they are not allowed to fell the trees?

Yours sincerely
