

Planting Schedule

Trees			
Code	Species	Size	Quantity
AS	Alnus Spaethii	3-3.5m high 10-12 cm girth Container Grown	6
CBF	Carpinus betulus 'Fastigiata'	3-3.5m high 10-12 cm girth Container Grown	3

Shrubs			
Code	Species	Size	Quantity
HPL	Hydrangea paniculata 'Limelight'	165 x 225 cm	23
SG	Sarcococca hookeriana var. hookeriana 'Ghorepani'	100 x 100 cm	18
SG	Skimmia x confusa 'Kew Green' (male)	150 x 100 cm	18
AC	Aucuba japonica 'Crotonifolia'	300 x 300 cm	7

Hedging			
Code	Species	Size	Quantity
BS	Buxus Sempervirens	3L, 30-40 cm high	52
PC	Pyracantha Coccinea Red Column Firethorn	5L 60 - 90 cm high, 1.2-2.7m high, Growth 30-60cm per year	

Hedging
Hedging planted in 0.5m X 0.4 cm deep trench, backfilled with 80% clean topsoil well mixed with 20% TPMC and 100 grams granular fertiliser per lirm. Species planted as double staggered row at equal c/s. All hedging mulched with 75mm approved bark mulch.

Grass
Turf to be of general grade with all grass areas to have a min of 150mm topsoil cover.

Other	
Item No.	Description
1	Gravel driveway contained within a suitable containment structure
2	Close boarded fence with remote gate opening
3	Brick paved pathway. Bricks to be reclaimed from existing barn where possible. (All new brick to be of the same type, size and colour, to match the existing)
4	4. Brick sets to boundary edge. Bricks to be reclaimed from existing barn where possible. (All new brick to be of the same type, size and colour, to match the existing)

GENERAL NOTES

- All existing trees and planting to be retained within or adjacent to the site shall be protected in accordance with BS5837:2005.
- Contractor shall establish locations of all services & drainage before starting any work.
- Setting out shall be as shown on drawings. Curved lines shall be set out with pegs and plastic conduit pipe to ensure smooth sweeping curves.
- All planting to be carried out in accordance with the plant schedule & notes. No substitutions will be accepted without prior approval.
- Groundwork soil levels for shrub beds and areas of grass should have any compacted subgrade thoroughly broken up by machine before spreading topsoil. All rubble, concrete etc. to be removed before spreading topsoil.
- All herbicide application to the manufacturers instructions and to 1986 control of pesticides regulations and the 1994 COSHH regulations.
- All imported topsoil to BS 3882:2007 multipurpose grade.
- General plant stock to conform to BS3396 and planting to BS4428:1989.
- All planting mulched with 75mm deep approved medium grade bark.
- Establishment maintenance for 12 months for all planting to include weed control watering and replacement of failures (to the original specification) in planting season following prolonged dry spells.
