Both descriptions are the same for both applications as the tree surgeon advised.

Dear Elaine

Thank you for your email with the descriptions.

Can you confirm which description relates to which application

APP/18/00528 – 1No. Oak
APP/18/00529 – 3No. Oaks

Yours sincerely

Dear Kate

I have obtained the expertise of a tree surgeon and he has suggested the following work should be done:

Crown raise by 4 metres
Pruning wounds no larger than 100mm
back to suitable growth points
Crown reduce by 3 metres
Pruning wounds no larger than 70mm
back to suitable growth points
Remove all dead wood

I look forward to hearing from you.

Elaine

Dear Elaine

Thank you for your email, however the applicant needs to provide the exact details of the proposed works (i.e the amount in metres you are wanting to reduce the tree by). Unfortunately we can not take details from another application.

If you are unsure of the amount of metres you want cut back you should contact a tree surgeon who will be able to advise you.

Yours sincerely

Thank you for your response, which was originally sent to an incorrect email address?

I made reference in my application that the work to the trees in question should be in line with the work that you have already carried out to two trees at the back of my neighbour at 26 Cumberland Ave. I assumed you would have this information already to hand?

I look forward to hearing from you.
