

# Consultee Comments for Planning Application APP/18/00306

## Application Summary

Application Number: APP/18/00306

Address: Foreshore at South Hayling, Sea Front, Hayling Island

Proposal: Continuation with Beach Management Activities on the South Coast of Hayling Island (Ferry Inn to Hayling Island Sailing Club) by recycling beach material to protect Eastoke from flooding. Resubmission of APP/17/00342, this submission is identical in terms of the proposal and mitigation measures to the previous application, and has been re submitted to comply with the Town and Country Planning (Environmental Impact Assessment) Regulations 2017, which requires planning applications with Environmental Statements to be treated as Environmental Impact Assessment (EIA) development.

Case Officer: Lewis Oliver

## Consultee Details

Name: Mr Neil Adam

Address: Hampshire County Council, Strategic Environment Group, Winchester SO23 8UD

Email: [historic.environment@hants.gov.uk](mailto:historic.environment@hants.gov.uk)

On Behalf Of: County Archaeologist, Strategic Environmental Delivery Group, HCC

## Comments

Dear Mr Oliver,

Thank you for your consultation. I would draw your attention to the Planning Statement para 4.4 and the BMP Non Technical Summary table 7.1 which set out the archaeological considerations. Section 14 of table 7.1 indicates that the archaeological potential is low and will be mitigated by only moving material within the active beach, and will avoid any impact on the Second world war beach defences. It also indicates that should archaeological material be encountered provisions will be made to have it inspected and a judgement made as to best practice. At presents with the intention to work within active each material only such potential is low. I would therefore not wish to raise any archaeological issues in this instance.

Yours sincerely,

Neil J. Adam

Senior Archaeologist
