

Many thanks for the email that you forwarded me yesterday regarding two planning applications that are in the system for consideration and I can now request for Rachel Ballam to withdraw these two applications being APP/18/00037 and APP/18/00038

It has been suggested to now look at making some internal alterations to the more recent single storey rear garage and as this is our free go, apply for a pre-app before the formal application.

I look forward to receiving confirmation from Rachel Ballam of this withdraw in the near future.

Regards

Ian Marshall
