

Answer to Question

No.22

I am proposing to open a Dog Grooming Parlour, which will also include an area for a Pet Supplies Shop at the front of the building.

The proposed hours of trading will be from: -

Monday – Friday	9am – 6pm
Saturday	9am – 5pm

Under this proposal Dogs will enter the Grooming Parlour at the front of the shop and be lead to the holding area (Individual Dog Pens) where they will wait for their groomer to collect them ready for the Grooming process to commence.

Each Dog will then be taken to the grooming tables to be assessed brushed / de-matted and then moved across to the Dog Bath to be washed and Shampooed as appropriate. Once washed the Dog will be moved back to the Grooming Table for the Service to Continue.

Once the Grooming Service has been completed the Dog will be taken back to the Dog Holding Area ready to be collected.

Dogs will only enter the building between the above hours of trading. As no animals will be held in the building outside of the proposed trading times.
