Dear David,

APP/18/00565 | Formation of access road from Bartons Road to residential development site. | Land South of Eastleigh House & Helmsley House, Bartons Road, Havant 18.1561

Thank you for consulting me on this application. Please accept my apologies for the delay in responding to you.

The proposed road layout will pass through habitats of limited ecological value. Although a site-wide ecological mitigation strategy (the Ecology Co-op, May 2018) has been submitted, this does not explicitly address the current access road application. From my reading of this document, as well as others, it is my understanding that the ecologists have installed reptile fencing alongside the proposed route in accordance with the mitigation strategy. This is acceptable and works should continue in accordance with the ecologist's recommendations.

If you have any queries please don't hesitate to contact me.

Kind regards,

Tristan

Tristan Norton
