

Heritage Report

16107 - 6 Nile Street, Emsworth PO10 7EE

The red line indicates the outline of the conservation area.

Characteristics

The dwelling is made up of a red brick finish with a tiled mansard roof.

- Large UPVC Windows on all floors
- Large Roof light on ground floor extension
- Patio doors that open to the garden

Surrounding Area

Nile street is a straight narrow road located in Emsworth that was formed in the late 18th century. It consists of several detached and semi detached 3 story residential dwellings of the same style. The road consists of old and new dwellings made up of Georgian style houses with Georgian windows. 6 and 8 Nile street however have newer UPVC double glazed windows due it being a more modern build compared to its surroundings.

Due to the road being quite narrow, only a few dwellings have front gardens, these include number 6 and 8 Nile Street and the houses opposite. A consistent building form is visible to see down this road and certain qualities should be kept to maintain the same atmosphere within the area.
