

Boothbay Blue plus clean, white trim is a classic combination. The red brick grounds the porch and adds a nice, subtle texture to the overall design.

Overall excellent service. Roof of shed/ glorybox damaged but not noticed by me until assembly nearly complete. I felt it didn't harm the integrity of the shed. Break down in communications: Apparently delivery driver noticed and informed you but not me. You sent a replacement without informing me.

	<u>When driver returned shed was complete and more damage would have been done if I tried to dismantle to replace roof. Son has now ordered bike store!</u>	
Sally Pinney ★★★★★	<u>The shed is solid and well constructed. It was delivered by a very affable delivery man, who ensured it was placed somewhere safe. I knew when ordering that the time from order to delivery was quite long because the sheds are made to order. This was not a problem for me. I was kept well informed and delivery went without a hitch on the day and at the time I expected. I would be happy to order from Tiger sheds again.</u>	24/10/2017

Simon ★★★★★	<u>This is the first time I have bought a storebox however this is the fourth Tiger sheds product I have purchased. All have been fab so they must be doing something right! The delivery drivers are always on time and really helpful. The product quality is consistently good, they go together easily every time and if you treat them well they last for years.</u>	10/08/2017

Miss A Christian ★★★★★	<u>This is my second purchase from tiger sheds my first purchase was a 10 x 6 apex shed, based on the build quality i decided to buy this tiger storebox and i am glad i did as the build quality is as equal as my apex shed. Communication from start to finish was excellent. The delivery driver was very polite and helpful and put the storebox sections by the side of the house. building the storebox was straight forward with no problems. 10/10 for tigersheds keep up the good work.</u>	15/06/2017
