DC Case Officer Extn:			
Application Number:	APP/17/00926		
Site Address:	Langstone Technology Park, 2B Langstone Road, Havant, PO9 1SA		
Proposed Development:	Installation of 5No. lighting poles in East car park. (Approved 16.11.17) Discharge of Condition No. 3 [Lighting Details] (21.3.18). I attach a copy of the above application that has been received under the Town and Country Planning Acts. Any views you should wish to make re condition 3 should be returned to me no later than 01/05/2018.		

Observations / Comments:

I refer to the above application under the Town & Country Planning Acts passed to this Service for comment.

I have perused the enclosed plans and documentation provided by the applicant.

It would appear from the lighting lux drawing, that the lighting to be provided should not cause any pollution issues to the nearest residential properties. If however it were found that there was an adverse impact after installation, by either glare or intrusion on any of the above properties especially, the applicant will be required to mitigate this.

Other than the above, I am happy for condition 3 to be discharged, at this time.

Please do not hesitate to contact me if further clarification is required
