Dear Sir or Madam,

REMOVAL OF EXISTING CAR WASH AND INSTALLATION OF NEW HAND CAR WASH WITH CABIN AND CANOPY.

ASDA, LARCHWOOD AVENUE, HAVANT, PO9 3QW.

Thank you for consulting the Environment Agency on the above application.

Environment Agency Position

We have **no objection** to the proposal as submitted

Advice to Applicant

Car wash liquid waste is classed as trade effluent. Before discharging to a sewer you must always get a trade effluent consent or enter into a trade effluent agreement with your water and sewerage company or authority. If you are not able to discharge effluent to the foul sewer it will be classed as waste and you must then comply with your duty of care responsibilities. More information regarding the discharge of trade effluent can be found on the following website www.netregs.gov.uk and in the publication which can be found online at <http://publications.environment-agency.gov.uk/pdf/PMHO0307BMDX-e-e.pdf>.

The liquid waste associated with this development will require an environmental permit (under the Environmental Permitting (England and Wales) Regulations 2010) from the Environment Agency, unless an exemption applies. The applicant is advised to contact the Environment Agency for further advice and to discuss the issues likely to be raised on 03708 506 506 or by emailing enquiries@environment-agency.gov.uk.

You should be aware that the permit may not be granted.

Additional 'Environmental Permitting Guidance' can be accessed via our main website - <http://www.environment-agency.gov.uk>.

Please do not hesitate to contact me on the number below should you have any queries on the above information.

Yours faithfully,

Mrs Sophie Brown
