

HERITAGE STATEMENT

**Stable Cottage
Petersfield Road
Havant
PO9 5HD
December 2017**

Description :- Stable Cottage is a detached two storey brick and flint cottage with a slate roof and timber sash windows.

Originally built in the mid nineteenth century as " The Old Estate Office " it has in recent years been domestic accommodation for the Staunton Estate / Country Park workers. In early 2017 The owners - Portsmouth City Council - sought Change of use permission to allow it to be used as a Day Centre for Adults with Learning Difficulties who work on and around Staunton Country Park. This permission was granted.

The proposed replacement of old and derelict sheds and garages along with the removal of a large shipping container will enhance the property and its surroundings to provide a safe and proper working environment for those adults with learning difficulties.
