Our Ref

PLAN-021936

Date

08/03/2018

Dear Sirs,

Proposal: Amendments to Planning Permission APP/16/00409 relating to front elevation dormer windows and alterations to single storey flat roofed rear extension fenestration.

Site: 8 London Road, Widley, Waterlooville, PO7 5BS.
APP/18/00141

Thank you for your letter of 16/02/2018.

Please find attached a plan of the sewer records showing the approximate position of a public sewer within the site. The exact position of the public sewers must be determined on site by the applicant before the layout of the proposed development is finalised. Please note:

No development or new tree planting should be located within 3 metres either side of the external edge of the public sewer and all existing infrastructure should be protected during the course of construction works.

No new soakaways, ponds, swales or other water retaining or conveying features should be located within 5m of a public sewer.

It should be noted that the submitted by the applicant drawing Proposed Bungalow, Block Plan number 17/01/B01 does not relate to the proposals of the planning application.

Due to changes in legislation that came in to force on 1st October 2011 regarding the future ownership of sewers it is possible that a sewer now deemed to be public could be crossing the above property. Therefore, should any sewer be found during construction

works, an investigation of the sewer will be required to ascertain its condition, the number of properties served, and potential means of access before any further works commence on site.

The applicant is advised to discuss the matter further with Southern Water, Sparrowgrove House Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk.

Southern Water requires a formal application for any new connection to the public foul sewer to be made by the applicant or developer. We request that should this application receive planning approval, the following informative is attached to the consent:

A formal application for connection to the public sewerage system is required in order to service this development, please contact Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk. Please read through our new charging arrangement documents which has now been published and is available to read through on our website via the following link <https://beta.southernwater.co.uk/infrastructure-charges>.

The Council's Building Control officers or technical staff should be asked to comment on the adequacy of soakaways to dispose of surface water from the proposed development.

Yours sincerely

A handwritten signature in black ink, appearing to read "Herta Kuiper".
