

Recommendation: **GRANT PERMISSION**

Please find attached a plan of the sewer records showing the approximate position of foul sewer within site. The exact position of the foul sewers must be determined on site by the applicant before the layout of the proposed development is finalised.

Please note:

- No development or new tree planting should be located within 3 metres either side of the centreline of the foul sewer.
- No new soakaways should be located within 5m of a public sewer.
- All existing infrastructure should be protected during the course of construction works. Furthermore, due to changes in legislation that came in to force on 1st October 2011 regarding the future ownership of sewers it is possible that a sewer now deemed to be public could be crossing the above property.

Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its condition, the number of properties served, and potential means of access before any further works commence on site.

The applicant is advised to discuss the matter further with Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk”.

Planning Officer Comment: An informative shall be included with the decision.

6 Community Involvement

This application was publicised in accordance with the Council's Code of Practice for Publicity of Planning Applications approved at minute 207/6/92 (as amended), as a result of which the following publicity was undertaken:

Number of neighbour notification letters sent: 10

Number of site notices: Not applicable.

Statutory advertisement: Not applicable.

Number of representations received: 0

7 Planning Considerations

7.1 Having regard to the relevant policies of the development plan it is considered that the main issues arising from this application are:

- (i) Principle of development
- (ii) Appropriateness of design and impact on the character of the area
- (iii) Effect on neighbouring properties

(i) Principle of development

7.2 The application site is located within the defined urban area, therefore development is considered acceptable in principle subject to development management criteria.

(ii) Appropriateness of design and impact on the character of the area

7.3 The works involve the installation of render to the external elevations of No 18. Although it is acknowledged that a proposed cream render would not necessarily look

out of place on the dwellinghouse a condition shall be included with the decision requesting samples and specifications of the material proposed in advance of building work commencing, to ensure that the proposed colour and design looks in keeping to the locality and not significantly out of place. This is following a site visit where it was noted that brickwork is the prominent material used within Prochuch Road.

- 7.4 The design and appearance of the proposal is deemed appropriate in context to the main building and is therefore considered to be acceptable, meeting the requirements of Policy CS16 of the HBLP (Core strategy). It is considered that the scheme would not result in an adverse impact on the visual amenity of the locality.

(iii) Effect on neighbouring properties

- 7.5 It is considered that the proposal would not appear overbearing or lead to overlooking and would have limited and acceptable impact on the properties immediately adjacent to the application site and the properties opposite or to the rear, meeting the requirements of Policy CS16 of the HBLP (Core Strategy). It is noted no letters of objection were received with respect to the scheme.

8 Conclusion

- 8.1 The scale, siting and design of the proposal would have limited and acceptable impact on the neighbours and is therefore considered to be appropriate and recommended for approval.

9 **RECOMMENDATION:**

That the Head of Planning be authorised to **GRANT PERMISSION** for application APP/17/00643 subject to the following conditions:-

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.
- 2 Notwithstanding any description of materials in the application no above ground construction works shall take place until samples and a full specification of the materials to be used externally on the building have been submitted to and approved in writing by the Local Planning Authority. Such details shall include the type, colour and texture of the materials. Only the materials so approved shall be used, in accordance with any terms of such approval.
Reason: To ensure the appearance of the development is satisfactory and having due regard to policy CS16 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.
- 3 The development hereby permitted shall be carried out in accordance with the following approved plans:

Site Plan with Red Line Unique Reference Number: #00234748-09EC1B
Block Plan with Red Line Unique Reference Number: #00231898-683A1B
Proposed North Elevation Plan: Received 07.07.17

Proposed West Elevation Plan: Received 07.07.17
Proposed Floor Plan: Received 07.07.17
Block Plan received 07.07.07

Reason: - To ensure provision of a satisfactory development.
