Dear Madam,

Further to your letters and enclosures of the 5th December 2017, I hereby enclose the following :-

1. Amended sections 18 and 22 of the application forms as requested.
2. Completed section 26
3. Heritage Statement
4. Photographs of existing structures to be removed demolished
5. Manufacturers comprehensive plans elevations etc for the larger structures and a drawing of the shed (plan and elevations)

As for a tree report, the proposed replacement of the old and derelict sheds and garages along with the removal of the shipping container will have no impact on any trees on site.

The surrounding area which is Staunton Country Park contains many trees which are carefully monitored and maintained by the park staff.

The park authorities have been notified of our proposals and are happy for them to go ahead, and as such I do not believe that a tree report is appropriate and would not add anything to the application.

Yours faithfully
