Hello Lewis

The supporting arboricultural evidence is comprehensive and outlined in the following points:

Minimal tree removal is required to facilitate development as well as a requirement for some tree pruning works to facilitate works.

Provided that the methodology prescribed in the AMS & TPP report is strictly adhered to and the site monitoring exercise is undertaken I would expect the retained trees to survive the development unscathed and to continue to grow on in the future.

Therefore I have no objections to this scheme in arboricultural terms.

Thanks
J

Hi Jamie,

Further to our discussion last week, please can I have a formal consultation response for Lidl, and any requested conditions.

Thanks in advance.

Lewis
