Observations / Comments:

I have studied the 'Management plan' submitted in relation to the discharge of Condition 1 and can advise as follows:

Item 4 relating to the site being locked between 21:30 & 07:00 on the designated nights, and Item 5 regarding waste bins being regularly emptied & also litter removed from the site, is noted. As such I will have no objection to the discharge of this condition in relation to the above two items.

I note this 'plan' is a live document and can be reviewed and changed if and when necessary.
