Dear Mrs Haywood,

Thank you for your consultation. Having reviewed the revised documentation that was attached to the above application on your website on 23rd January 2018 I can confirm that I do not wish to add to my original advice that I sent to you regarding this proposal on 8th August 2016, requiring that the site be the subject of an archaeological assessment prior to construction and that any archaeological fieldwork and the publication of any results be secured via conditions to be attached to planning permissions that may be issued.

If you have any further queries regarding this application, please do not hesitate to contact me.

Yours sincerely,

Neil J. Adam BA ACIfA
