Commenter Type: Consultation modified
Stance: Customer made comments neither objecting to or supporting the Planning Application
Comment Reasons:
Comment:I have recently taken possession of No13 Lovedean Lane and although I was aware of the current retrospective application for planning was unable to fully understand the situation.
My objection is in relation to the height of the fencing to the rear of my property. I have 2 teenage daughters who (hopefully, weather dependent) will make use of the garden during the summer months.
Providing privacy is maintained by the use of suitable fencing, I would be content with the application. The photos attached to the application, seem to show clearly the fence height showing someone standing head and shoulders over the existing fence.
