

Hi Daphney,

Sorry if I have stated a different number of days elsewhere but I have checked my application and it requests permission for 28 Days, but then I am not in the first flush of youth so I must have made a mistake.

This morning I asked a friend to join me on a walk through the wooded area in question and there were two vans parked outside number 10 Seafarers Walk and the owners had walked with their Surf boards down the path alongside number 10. We drove round to the lifeboat station and walked through this very heavy undergrowth until the path was blocked by fallen Trees and undergrowth. There was no human excrement or dog poo and certainly no room to camp, I can only hope your job includes the opportunity for you to walk this site and judge the validity of the adverse claims for yourself, I would be pleased to join you and any of your colleagues.

Kindest regards,

Michael.
